

## “My Mvskoke Grandma”

“How do I begin to describe thee  
When there are so many things  
She means to me

Many memories made together  
That one could never ever measure

Love poured out so deep  
I shall always treasure and keep

Countless life lessons taught  
That could never be bought

To some she is a teacher  
The most unique creature

To others she is friend  
The ones she will always defend

To me she is my Mvskoke grandma  
Teller of culture and keeper of  
Secrets.”
